Credentialing:

Evernorth Behavioral Health requires that all health care providers meet established credentialing criteria in order to participate in our behavioral network. We directly credential and recredential behavioral health care providers; however, in some cases, participating clinics that meet Evernorth Behavioral Health's standards for credentialing may retain that responsibility on a delegated basis under a formal written agreement that is separate from the participating clinic provider agreement. If your clinic is interested in discussing delegated credentialing, please check here.

Fast Access Network:

Evernorth Behavioral Health's Fast Access Network is a subset of our existing provider network that is dedicated to the timely delivery of mental health treatment to our customers. A growing number of our customers are in need of your services. As a participating provider in our Fast Access Network, you can help remove barriers to care by guaranteeing routine appointments for first-time patients following the criteria below:

- Guaranteed access for first-time routine appointments within:
 - Five business days for counseling/therapy
 - 15 business days for a prescriber appointment
- Offer video-based telehealth services or willingness to implement capability within one year
- Offer Employee Assistance Program services, when applicable
- Collaborate with a patient's primary care provider or other relevant medical providers
- If unavailable when a patient calls, guarantee return calls within one business day
- To participate in the Evernorth Fast Access Network, please check here

Clinic Attestation

I understand that if Evernorth Behavioral Health extends a contract, the participating clinic agreement will include all lines of business. All Evernorth Behavioral Health customers will be treated equally and providers credentialed and affiliated with the clinic locations will be considered contracted. Evernorth Behavioral Health customers may not be charged out-of-network rates. The clinic certifies and attests that all of the information above is true and accurate, and misstatement or omission may result in denial of application with or without appeal. If credentialed as an Evernorth Behavioral Health participating clinic, we will cooperate during a specialty documentation audit, if requested, to verify that the outlined criteria for participation in the specialty network(s) is met. It is understood that any information provided pursuant to this attestation that is subsequently found to be untrue or incorrect could result in the termination of the clinic from the Evernorth Behavioral Health network. A copy of this attestation shall have the same force and effect as the signed original.

Practice information: Appointment availability

Evernorth requests all provider applicants to be accessible for routine appointments within 10 business days. Please select and attest to any of the following that also pertain to the provider's accessibility and expertise.

If “Crisis Stabilization 24/7” is selected, the clinic attests to the following:

- Agrees to be available through the use of pagers and/or answering services to Evernorth customers after hours and on weekends
- Voicemail does not routinely instruct customers to go to the nearest emergency room unless determined to be medically necessary.

If “Crisis Stabilization Non-24/7” is selected, the clinic attests to the following:

- Agrees to be available for crisis appointments during business hours only (8:00 a.m. to 6:00 p.m.).

If “Intermediate Care (Urgent)” is selected, the clinic attests to the following:

- Is willing to provide precautionary and preventive care to a customer within 48 hours in order to prevent escalation to a higher level of care.

If “Meet and Greet” (non-physicians only) is selected, the clinic attests to the following:

- Is willing to conduct a pre-discharge visit with a hospitalized customer in order to coordinate and schedule an ambulatory follow-up appointment within two to seven days after discharge.

Specialty networks: Criteria for inclusion

To participate in one of Evernorth Behavioral Health's specialty networks, please ensure the clinic meets the qualifications as outlined. Provider attestation will be required for each specialty chosen as well as an attestation for cooperation in a specialty documentation audit. Any required documentation will be requested at a later date. To claim a specialty in one of the following clinical specialties and/or populations, the clinic and its providers must meet one or more of the following conditions for each specialty:

1. Certification by a nationally recognized certifying organization.
2. An internship, fellowship, or formal training program at an accredited institution focusing on treatment of one of the designated disorders or groups of patients, or use of one of the designated treatment modalities.
3. An accumulation of continuing education units or course work focused on current treatment of one of the designated disorders or groups of patients, or use of one of the designated treatment modalities.
4. Significant work experience focused on current treatment of one of the designate disorders or groups of patients. The depth and breadth of experience must demonstrate the attainment of knowledge and skills to be considered a specialist.

If “Dialectical Behavior Therapy (DBT) Adherent” is selected, the clinic attests that the provider will:

- Receive five continuing education units related to dialectical behavior therapy (DBT) per year.
- Have one year clinical experience with DBT.
- Have an established 24/7 crisis availability/plan.
- Participate in an ongoing peer consultation group.

If providing an “office email,” is selected, the clinic attests to the following:

- All office email addresses are intended for patient communication, are regularly monitored, and are maintained in a manner consistent with state and federal health privacy laws.

Specialty patient populations

Please check at least one. By checking any age group other than adult, the clinic attests that it has a specialty with that population and is willing to participate in a specialty documentation audit.

Employee Assistant Program (EAP) specialty services

By checking these specialties or certifications, the clinic attests that it meets ALL of the criteria listed. An additional survey and attestation for these services may be required.

If “Qualified to provide general EAP management referrals” is selected, the clinic attests to the following:

- Has experience with employees who are required to access services.
- Agrees to assess an employee and develop a plan to address any issues that may be contributing to the workplace problem.
- Is qualified and agrees to perform a general substance use screening as part of the overall assessment.
- Is familiar with local resources and agrees to serve as an advocate for the client in accessing the proper level of care.
- Agrees to follow up with referral resources to verify initial compliance with recommended treatment.
- Agrees to follow up within 24 hours of each appointment with the Evernorth EAP consultant.

If Employee Assistance Professional (CEAP) is selected, the clinic attests to the following:

- Holds current CEAP certificate granted by the Employee Assistance Certification Commission (EACC).

If critical incident response (CIR) service is selected, the clinic attests to the following:

- Received formal training in critical incident response.
- Delivered a minimum of four CIR services in the past two years.
- Agrees to make scheduling changes to accommodate CIR requests within 2 to 12 hours.

If employee educational seminars is selected, the clinic attests to the following:

- Presented a minimum of four employee wellness seminars in the past two years.
- Agrees to make changes to accommodate requests within three to four weeks.
- Is experienced presenting and using Microsoft PowerPoint.
- Can access EAP educational information electronically.

If “Substance Abuse Professional (SAP) certified” is selected, the clinic attests to the following:

- Has successfully completed a qualification training course recognized by the Department of Transportation (DOT).
- Has satisfactorily completed a post-training examination administered by a nationally recognized professional or training organization recognized by the DOT.
- Holds a certification that it has met all DOT requirements (effective after January 1, 2004) for practice as an SAP, and is qualified to use the title of SAP as defined by the DOT.

Note: Substance use licensure or certificate through a state or national entity is not sufficient and does not meet the criteria for this level of service.

If “Am a qualified Substance Abuse Expert (SAE)” is selected, the clinic attests to the following:

- Has met the Nuclear Regulatory Commission (NRC) requirements (effective March 31, 2010) for providing SAE services.
- Has satisfactorily completed a qualification training that meets the NRC's requirements, as well as continuing education related to the SAE function.
- Holds a certificate that indicates all the NRC requirements for practice as an SAE have been met, and is qualified to use the title of SAE.

If “Am qualified to provide EAP supervisory training sessions at the workplace” is selected, the clinic attests to the following:

- Is familiar with the management referral process, including the role of the manager, the EAP consultant, and the counselor.
- Has delivered a minimum of four supervisory training sessions in the last two years.
- Agrees to make changes to schedules to accommodate these requests within two to four weeks.
- Is experienced presenting seminars utilizing Microsoft PowerPoint.
- Can access EAP educational information online.

Behavioral telehealth

If yes is indicated for “Do you provide behavioral telehealth services,” the clinic hereby certifies and attests to the following:

- Meets all state requirements to provide behavioral telehealth services, including any licenses and certifications.
- Will provide behavioral telehealth services only in the state(s) where providers hold a license.
- Will utilize only a secure internet connection and follow all HIPAA requirements.*

*Please consult with the American Telemedicine Association (ATA), a leading international resource and advocate promoting the use of advanced remote medical technologies. They have a list of endorsed technologies for behavioral telehealth services.

CLINIC ATTESTATION

- The clinic agrees to use only fully licensed (state licensed to practice independently and without restrictions) and credentialed providers to treat Evernorth customers.**
- The clinic agrees to cooperate with Evernorth Behavioral Health's credentialing and recredentialing processes, including the Council for Affordable Quality Healthcare (CAQH) for all of its providers.**
- The clinic agrees to participate in roster maintenance post-contract.**
